

START RECORDING

[silence 00:00 to 05:23]

S1: Where the fuck could the eyeballs...- [sigh]

S2: We'll get there.

S1: We'll get there? To the eyeballs?

S2: Listen, just- be patient. Isn't this your job anyways?

S1: My job is research, not solving fucking murder mysteries. Like-

S2: But the B.A.R. specializes in this shit, doesn't it? Right?

S1: Yes, but-

S2: Then act like you work there!

[long pause]

S1: Listen. I don't know what you think I did at the B.A.R., but it's not this. I didn't- I looked at samples and did paperwork. I didn't investigate where those bodies came from or what even happened to them. That wasn't my job.

S2: Well, it is now.

S1: Are you hearing me?! This is not something I know how to do!

[pause]

S2: You ever see The X Files?

S1: What?

S2: X Files, yes or no?

S1: I- fuck- yes? I've seen the fucking X files, why?

S2: Scully didn't do shit with aliens until the X files, right? She was a medical doctor. You're Scully.

S1: I'm fucking Scully?

S2: Yes!

S2: Are we investigating fucking aliens now? Is that it?

S1: Are you trying to miss the point on purpose? That's not what I meant. [pause] Besides, we might as well be.

S1: Oh, come on,-

S2: Well, it's fucking weird, isn't it?!

S1: [pause] It's not aliens.

S2: I'm not saying it is! [pause] [muttering:] Scully.

S1: Okay, one, she was FBI-trained, two, you're the redhead.

S2: I'm not the Scully in this thing.

S1: Okay, can we stop with the X files analogy?

S2: Fine. But you're Scully.

S1: Oh my god.

S2: Fine, fine, okay. All I was saying, is that you'll adapt. If you can dissect a frog, you can dissect a human being.

S1: It's not like that at all. And I don't dissect frogs. What does that even have to do with anything?

S2: This is not- okay, fine, whatever. If you're dead-set on missing my point, then- then so be it.

S1: [huff] [long pause] I'm just saying, this is really unusual for me. Like, more than unusual. You gotta understand that.

S2: I know. I got that. But there isn't many options here.

S1: Are you talking about me or the FBI?

S2: Both. Both, to be honest.

S1: They can't find anyone else to do this?

S2: It's more complicated than that.

S1: Is it?

S2: I don't- listen, I just do my job. I don't know. I just know they wanted someone from the B.A.R. That's all I know.

S1: I see.

S2: But either way. You'll just have to... suck it up. I guess.

S1: Suck it up. Right.

S2: [sigh] Just do your job without any scenes, okay? That's all I want. It'll be easier for us both.

[silence, except the sound of the car]

END RECORDING
